

GFL3000™ Ground Fault Locator

The GFL3000™ Features

- Locates Buried Ground Faults
- Dual Power Capability (Hi/Lo)
- Audible 'On' Beeper
- Battery Power Indicator
- Custom Molded Case
- Rechargeable Battery

FEATURES

The GFL3000™ Ground Fault Locator is a new low cost locator for contractors and maintenance personnel. Incorporating dual power output, the GFL3000 pinpoints ground faults where electrical voltage is being lost to ground. The GFL3000 transmits a powerful charge that is tracked by the GFL3000 receiver. By simply going in the direction of the analog needle kicks on the receiver, the exact spot of the fault can be found. Simply connect the transmitter to ground and the wire to be analyzed and turn it on. Follow the kicks with the receiver using the visual meter.

The GFL3000™ offers features not previously available at this price point. The GFL3000 features both high and low power capability and a simple reading on the battery power available.

SPECIFICATIONS

Power Requirements:	12 VDC
Battery type:	12 V rechargeable (included) 9V NEDA (not included)
Power Output:	2400 or 3400 VDC selectable
Voltage Protection:	240VAC/400VDC
Weight:	Transmitter 9lbs. with battery A-Frame: 3 lbs.
Warranty:	12 months

ORDERING INFORMATION

CAT NO.	DESCRIPTION	QUANTITY
GFL3000™	Complete Kit	1
GFL3000R™	Receiver	1
GFL3000AF™	Receiving Frame	1
GFL3000T™	Transmitter/Carrycase	1
GFL3000ST™	Ground Stake	1
